Purpose

How to use

Use this workbook to track module completion, quiz scores, checklist performance, rubric scores, objective metrics, remediation, and entrustment decisions.

1. Populate the Roster tab with trainees and faculty names.
2. Review the Modules tab and adjust passing thresholds to local preference.
3. Enter one row per trainee per session in Session Log.
4. Optionally enter individual repeated attempts in Attempts Log.
5. Review Dashboard after each session to identify trainees who need remediation.
